

Oscar's Tunnel Recovery Checklist

*A practical guide for reclaiming cozy dignity after a crinkle-related crisis.

- Sniff the perimeter for betrayal.
- Dramatically flop where the tunnel used to be.
- Stare at the human until guilt sets in (or they offer snacks.)
- Retrieve the tunnel with flair. Crumple it. Reclaim it. Walk through it three times.
- Sit inside. Exit slowly. Repeat.
- Forgive, but never forget.
- Nap triumphantly in the middle of the floor. Because you can.

Bonus step: Drag blanket halfway into the tunnel. Call it interior decorating.
